Profile

I am a Bachelor of Commerce graduate from the University of Delhi with a strong academic foundation in business, finance, management and marketing. I have also successfully completed the German Language (B1 Level), which has strengthened my intercultural communication, problem-solving, and analytical abilities. Alongside my academics, I have been actively involved in managing a family-run business in collaboration with my mother, where I contribute to marketing strategy, advertising initiatives, customer engagement, and social media management. This experience has provided me with practical exposure to business operations, branding, and market outreach. Currently, I am working full-time as an Operations Associate, gaining hands-on experience in process management, coordination, and professional workplace practices. My academic background and professional exposure reflect a strong commitment to continuous learning, skill development, and international academic growth.

Professional Experience

Business Operations & Marketing Associate

Sathi Flavours & Travelling Desi (Family-Run Business)

2024/03 – Present
New Delhi, India
